

## Villa Koh Samui (unbuilt) THAILAND

This project is a 1,600 sqm residential dwelling in Koh Samui, Thailand. The site is a luxurious beachfront location on an inclined block of land that slopes down to the sea.

It consists of four levels and includes 6 bedrooms (all with ensuites), multiple living zones, maids quarters, a theatre, gymnasium, massage room and infinity pool. The design idea is to create a transparent connection to the outside from within the dwelling, taking advantage of the vistas offered by this unique site.

**Value**

\$2 million

**Location**

Koh Samui, Thailand

**Client**

Private Residence  
Mr Jeff Fiedman
